Suggestions To Patrons

Physicians or others who anticipate being called during the performance should leave their names at the main entrance in order that they may be promptly notified should any message be received for them.

Lost articles found by any employe will be left at the main entrance where owners may direct inquiries.

Patrons finding articles are requested to leave same at the main entrance.

Any demand for fees or the acceptance of money for seats by ushers or other employes, or any incivility of any attache, will not be tolerated. Patrons will confer a favor by reporting to the management any violation of this rule.

The management positively disclaims any connection with ticket speculation, and reserves the right to refuse tickets bought from such sources. The management can in no manner be held responsible for such transactions.

NOTICE. Owing to the disquieting influence of moving people upon the wild animals while they are being shown in the arenas, all persons are earnestly requested to remain seated until the conclusion of the program.
